"I was very impressed by the standard of customer services I got from Dishwashers Direct. Buying on the internet can be very impersonal but I felt I was looked after all the way"

When taking my order they listened to my requirements carefully and sold me the correct product rather than the one they wanted to move. The installer telephoned me before arrival and then carefully went through a checklist to make sure I understood the machine, warranty and chemicals.

I was then further impressed when the office phoned to check everything was Ok and I was happy.

I would definitely recommend Dishwashers Direct to others

Kind Regards
