Dear Theresa,

May I pass on the appreciation of the people of Kexbrough Methodist Church regarding the dishwasher supplied by Dishwashers Direct. We are very pleased and impressed with the speed and efficiency of the machine.

May I also thank you for the attention given to us during the purchase time, having to balance budgets and fund raise between first enquiry and making the commitment. We were well looked after especially as this would be the one and only purchase from you for many years.

We will certainly recommend you to anyone who is looking for a commercial dishwasher of this type.

Many Thanks,

John M Durham
